

INDEX

TO VOL. XXXVII. (VOL. XIII. THIRD SERIES) OF THE AMERICAN
JOURNAL OF PHARMACY.

Absorption and assimilation of carbonic acid by plants.....	394
Abstract of the Minutes of the Philadelphia College of Pharmacy.....	491
Acclimation of the gum Arabic tree in Algeria.....	337
Acetic fermentation.....	343
Acidum Benzoleum.....	264
Acid, benzoic, new method of preparing.....	270
Acid, carminic, as a re-agent.....	276
Acid, cheledonic.....	27
Acid, cobaltic.....	228
Acidum citricum.....	265
Acidum gallicum.....	267
Acid, perchloric.....	19
Acid, thebolactic.....	450
Acidulated tincture of cinchona.....	52
Action of the air on vegetable fatty oils.....	191
Action of diastase on starch	336
Action of heat on pyroxylin.....	221
Agassiz's Expedition to South America.....	303, 394
Agglutinative tissue.....	254
Alcohol as a test for croton oil	191
Aldehyde, preparation of.....	341
Alkaloid of Calabar bean.....	173, 204
Alkaloid, in veratrum viride, new.....	321
Alkaloids, sublimation of.....	29
Alkaloids, comparative value of, with narcotic extracts.....	30
Alkaloids, researches on the opium.....	70
Alkaloids of cinchona bark, microscopy of the.....	346
Alleged poisoning by oil of bitter almonds	271
Alumni Association of the Philadelphia College of Pharmacy.....	157
Ammonia, preparation of sulphate of.....	229
American Pharmaceutical Association, notice of.....	313, 395
“ “ “ minutes of the meeting of 1865....	401
American sienna.....	491

Ampelodesmos tenax, or "diss" of the Arabs	336
Analysis of Kola nuts.....	206
Analysis of superphosphate of lime.....	345
Anilin, green.....	342
Annual Report of the Alumni Association, P. C. P.....	238
" " " Pennsylvania Hospital for the Insane.....	236
Antagonism of atropia and morphia.....	389
Apparatus for fractional distillation, Regnault's.....	28
Apparatus for fractional distillation, Warren's.....	454
Aqueous extract of jalap.....	219
Archer, Prof., notes on materia medica.....	186
Arnica plaster.....	246
Arsenic eating.....	350
Arsenite of strychnia.....	353
Assay of alkaloids, a fly-leaf to my.....	5
Atropia and morphia, their antagonism.....	389
Atfield, John, on the application of dialysis in the analysis of plants.....	206
" " Analysis of Kola nuts.....	205
Austrian Apothecaries Association, general.....	494
Automatic pharmaceutical still.....	166
Balsam of Peru tree.....	152
Barium, preparation of peroxide of.....	185
Bartlett, N. Gray, on bismuthi et ammoniæ citras	1
Bedford, P. W., on pil. ferri carb. and pil. ferri iodidi of U. S. P.....	183
Benger F. Baden on the pharmaceutical applications of glycerin.....	61
Bernard Claude, experimental researches on opium and its alkaloids.....	70
Benzoic acid, new method of preparing.....	270
Benzole in Canada petroleum	311
Bevan, C. F., on the preservation of leeches.....	191
Biographical Sketch of Charles Marshall.....	241
" " Henry Troth.....	244
Bisch. of Ch., preliminary notice of a new earth.....	40
Bismuthi citras.....	2
Bismuthi et ammoniæ citras.....	1
Bismuthi liquor.....	286
Bitter wine of iron.....	138
Black phosphorus.....	385
Blondlot, Dr., Researches on black phosphorus.....	385
Blunt, Thomas P., on the preparation of liquor bismuthi.....	266
Boneblack, or char.....	612
Bones.....	255
Botanical origin of gamboge.....	150
" " savanilla rhatany.....	193
Bridges, Prof. Robert, on Southern prickly ash bark.....	134
British Pharmaceutical Conference.....	74, 318, 494
" " " and the American Pharmaceutical Association.....	189

British Medical Council and the British Pharmacopœia.....	317
British galls, tannin in	486
Brodie, R. C., on the preparation of peroxide of barium.....	185
Brown, D. R., Tests of the purity of chloroform.....	289
Bullock, Charles, Note on Chlorodyne.....	17
" " Manufacture of perchloric acid.....	19
" " on veratrum viride.....	321
Burmeister, Dr. Hermann, on the cantharides of the Argentine Provinces	268
Byrnes, Thomas, M. D., on liquor ammoniæ acetatis.....	387
Cahours, Aug., Researches on the respiration of flowers.....	33
Calabar bean.....	173, 204
" " an antidote to atropia.....	302
Calvert F. Crace, Lecture on Chemistry applied to the arts.....	255
Camphorate of Quinia.....	254
Cannabis Indica resin, tests for.....	23
Cantharides of the Argentine Provinces.....	268
Cantharis adspersa.....	269
Cantharis punctata.....	269
Cantharis vittigera.....	270
Capsicum annuum.....	161
Caramania gum.....	104
Carminic acid as a reagent.....	276
Castor oil, Italian.....	488
Catalogue of the Class of the Philadelphia College of Pharmacy for the Session 1864-65.....	79
Ceresoli, M. F., on arsenite of strychnine.....	295
Chandler, Prof. C. F., on the tin ore at Durango in Mexico.....	295
Chemistry applied to the arts.....	255
Chelidonic acid.....	27
Chlorodyne, note on.....	17
Chloride of Magnesium.....	283
Chloroform, tests for the purity of.....	289
Cinchona, preparations of.....	50
Citrate of bismuth and ammonia.....	1
Citrine Ointment of the British Pharmacopœia.....	296
Clarification of Mississippi water.....	336
Cloeg, M. S., on the action of air on fatty oils.....	191
Cobaltic acid.....	228
Cochineal coloring.....	192
Comparative value of narcotic extracts and alkaloids.....	30
Composition of bones.....	256
Composition of pyroxylin.....	220
Cork and its uses.....	305
Corks, revived.....	155
Cross, Robert, Report on pitayo cinchonas.....	457
Cryolite, manufacture of soda from.....	452
Crystallization of supersaturated solutions.....	378

Cubeba from South Africa, false.....	188
Culture of opium in Upper Egypt.....	334
<i>Daniell, Dr. W. F.</i> , on the kola nut of West Africa.....	148
<i>Datura stramonium</i> and <i>D. tatula</i>	341
<i>Depouilly, P. and E.</i> , on a method of preparing benzoic acid.....	270
Detection of alcohol in small quantity.....	334
Detection of adulteration of essential oils with oil of turpentine, by the saccharimeter.....	337
<i>De Vrij, Dr.</i> , on the manufacture of neroli in Java.....	476
Dialysis applied to plant analysis.....	288
Diamonds, vegetable origin of.....	383
Discovery of emery in Chester, Mass.....	277
Discussion on the alcohol tax in the association.....	440
Dispensatory of the United States of America, 12th edition.....	234
Discovery of thein in kola nuts.....	149
<i>Donovan, M.</i> , on the citrine ointment of the British Pharmacopœia.....	296
Dublin International Exhibition.....	396
Effects of Calabar bean as an antidote.....	302
Electric light, invisible radiation of.....	216
Electrical properties of gun cotton.....	293
Emery at Chester, Massachusetts.....	277
Emulsions, by <i>Barnard S. Proctor</i>	464
Ergot of "Dias".....	336
Erosion of lead by insects.....	71
Esérine the alkaloid of Calabar bean.....	204
Essentials of materia medica and therapeutics.....	319
Essence of mustard, assay of.....	286
<i>Eucalyptus resinifera</i>	396
Extemporaneous dispensing of iodide of iron.....	251
Extraction and preservation of aromata.....	47
Extraction of grape juice.....	395
Explosive force of nitroglycerin.....	463
Fatty matter of bones.....	258
<i>Fell, E. R., M. D.</i> , The pharmaceutical department of a U. S. hospital... ..	107
<i>Ferri chloridum</i> , U. S. P.....	326
<i>Ferri citras</i>	331
<i>Ferri et ammoniæ citras</i>	331
<i>Ferri lactas</i>	332
<i>Ferri pyrophosphas</i>	332
Ferruginous syrup of cinchona.....	333
<i>Fleitman, M.</i> , on a process for preparing oxygen.....	373
Fluid extracts, new plan of making.....	81
" on the officinal.....	181
Fractional condensation.....	449
Gale's non-explosive gunpowder.....	462

<i>Galettly, John</i> , on the rate at which different liquids flow through syphons	376
Galls, new Chinese species of	186
Galls, British	466
Gamboge, botanical origin of	180
<i>Garcinia morella</i>	161
Garlic, on the preservation of	137
Gas furnaces, regenerative	390
<i>Gernes, G.</i> , on the crystallization of supersaturated saline solutions	379
Gleanings from the French journals	253, 333
Glycerin, pharmaceutical applications of	61
" as a remedy, solvent, &c.	141
" and oxalic acid reacting to yield formic acid	453
<i>Goeppert, Prof.</i> , on the vegetable origin of diamonds	363
<i>Gordon, W. J. M.</i> , on glycerin, its mission as a solvent, remedy, &c.	141
<i>Groves, Thomas B.</i> , on the rancidity of fats	54
<i>Gross, George A.</i> , Pharmaceutical notices	249
Growth of the Balsam-of-Peru tree	152
Gun cotton, its electrical properties	293
Gurree nut of Soudan	148
<i>Hanbury, Daniel, F. L. S.</i> , on the botanical origin of gamboge	180
" " " " " of <i>Savaniilla rhatany</i>	193
<i>Harris, J. C., M. D.</i> , on poisoning by <i>veratrum viride</i>	374
Harvard University herbarium	300
<i>Havelden, A. F.</i> , on resina jalapæ, P. B.	273
<i>Heathfield, W. E.</i> , on the morphia salts of commerce	67
Hospital stewards in the U. S. army	156
<i>Howard, J. E.</i> , Microscopic researches on the alkaloids of cinchona bark	346
<i>Huskisson, Wm. Jr.</i> , Notes on iodide of potassium	367
Hypochlorite of soda	288
Improvements in the manufacture of sugar	361
Influence of the revenue laws upon the practice of pharmacy	315
Invisible radiation of the electric light	316
Iodide of potassium	367
Italian castor oil	488
<i>Jackson, Dr. Charles T.</i> , on the discovery of emery at Chester, Mass.	277
<i>Jackson, John R.</i> , on cork and its uses	305
Jalap, aqueous extract of	219
<i>Johnson, Prof. J.</i> , on the electrical properties of gun cotton	293
<i>Jones, George</i> , on volumetric analysis of superphosphate of lime	345
<i>Judd, William, F. C. S.</i> , on tannin in British galls	486
Kinovic acid, use of	253
Kola nuts, analysis of	205
" " of West Africa	148
<i>Lea, M. Carey</i> , Reactions of gelatin	371
Leeches, preservation of	190

New process for fluid extracts.....	81
New species of galls from China.....	186
New method of preparing benzoic acid.....	279
New oleo resin in California.....	394
New Lectureships in the University of Pennsylvania.....	397
New process of fractional condensation, Warren's.....	449
Neynaber, A. F. W., on an automatic pharmaceutical still.....	199
Nitrous oxide gas, liquefaction of.....	276
Nitroglycerin.....	463
Non-explosive gunpowder.....	462
Normal presence of sulphate of soda in the air.....	379
Note of correction on permanganate of potassa	22
Notes on iodide of potassium.....	367
Oabig bark.....	178
Obituary notices:	
Prof. B. Silliman.....	77
Frederick L. John.....	78
Dr. Thomas B. Wilson.....	320
Dr. W. F. Daniell.....	400
M. Guillaiermond.....	400
Pyrame Louis Morin.....	400
Odor of tannic acid.....	53
Officers of the American Pharmaceutical Association for 1865-66.....	414
Official fluid extracts.....	181
Oil of bitter almonds, purification of.....	146
" " alleged poisoning by.....	271
Oil of wine, preparation of, heavy.....	100
Oleum æthereum, manufacture of.....	126
Oleum peponis seminis.....	263
Opium alkaloids, researches on the.....	70
Opium in Upper Egypt, culture of.....	394
Orth, Frederick C., on arnica plaster.....	246
Otto of roses, test for.....	490
Our school of Pharmacy.....	74, 158
Oxygen, preparation of.....	373
Oxygenated saline waters.....	456
Parrish, Dillwyn, Biographical Sketch of Charles Marshall.....	241
Pasteur, M., on the acetic fermentation.....	343
Patent regenerative gas furnaces.....	390
Pelouze and Maury on Pyroxylin.....	36, 220
Perchlorate of morphia.....	21
Perchloric acid, manufacture of.....	19
Permanganate of potassa.....	22
Pharmaceutical applications of Glycerin.....	61
Pharmaceutical department of the U. S. Army	74
Pharmaceutical notices.....	249
Pharmacist as a Merchant.....	198

Pharmacy in the Army.....	159
Pharmacy in America through English spectacles.....	159
Pharmacopœia of India.....	312
Phenic vinegar.....	371
Physicians' visiting list and diary.....	496
Pil. Ferri Iodidi, U. S. P.....	183
Pil. Ferri Carbonatis.....	183, 327
Pitayo cinchonae, report on.....	457
Poison of mushrooms.....	335
Poisoning by belladonna berries.....	75
Poisoning by oil of bitter almonds.....	271
Poisoning by veratrum viride.....	374
Possibility of manufacturing neroli in the British Colonies.....	476
Practical observations on the manufacture of oil of wine.....	126
Preliminary notice of a new earth.....	40
Preparation of matches free from phosphorus.....	172
Preparation of heavy oil of wine.....	100
Preparation of per oxide of barium.....	185
Preparation of litmus.....	227
Preparation of sulphate of ammonia.....	229
Preparation of chlorine.....	254
Preparation of benzoic acid.....	270
Preparation of magnesium.....	281
Preparation of liquor bismuthi.....	286
Preparation of hypochlorite of soda.....	288
Preparation of anilin green.....	342
Preparation of oxygen.....	373
Preparation of red precipitate ointment.....	363
Preparations of cinchona.....	50
Preservation of garlic.....	137
Preservation of leeches.....	190
Presence of benzole in Canada petroleum.....	311
President Gordon's address to A. P. A., 1865.....	408
President Lincoln's remarks to A. P. A., 1865.....	415
Preston, David, on capsicum annuum.....	161
Prickly ash bark, Southern.....	134
Procter, William, Jr., on a test for the resin of Cannabis Indica.....	23
“ “ on the odor of commercial tannic acid.....	53
“ “ note on caramania gum.....	105
“ “ on the official fluid extracts.....	181
“ “ on some preparations of the U. S. Pharmacopœia of 1860.....	326
Proctor, Barnard S., on emulsions.....	464
Productions of organisms in closed vessels.....	492
Properties of magnesium.....	281
Pulvis Jacobi Vernae.....	95
Pure carbonic acid, mineral and lithia waters.....	113

Purification of the essential oil of bitter almonds.....	145
Pyroxylin.....	36, 220
Quinine, report on the purity of commercial sulphate of.....	41
Rancidity of fats.....	54
Raphides, or crystals in certain drugs.....	31
Reactions of gelatin.....	371
Reciprocal action of glycerin and oxalic acid to produce formic acid.....	453
Reduction of chloride of magnesium.....	283
Reorganization of the Medical Staff of the U. S. Army.....	398
Report on the purity of commercial sulphate of quinine.....	41
Report on the pitayo cinchonas.....	457
Report of the Executive Committee of the A. P. A.....	404
Report on scientific queries for 1866.....	435
Researches on opium and its alkaloids.....	70
Researches on the respiration of flowers.....	33
Researches on the acetic fermentation.....	343
Researches on black phosphorus.....	385
Resin of Cannabis Indica.....	23
Resina Jalapa, P. B.....	273
"Resources of the Southern fields and forrests," notice of.....	318
Revived corks.....	155
Revivification of bone black.....	263
Reynolds, Emerson J., on magnesium.....	281
Rhatany, Savanilla.....	193
Richardson, Dr. B. W., on oxygenated saline waters.....	456
Rittenhouse, Henry N., on U. S. Army Medical Storekeepers.....	87
Sacred bark.....	178
Saffron, a new article called Cape.....	187
St. Regis sulphur water of Massena, N. Y.....	168
St. Louis College of Pharmacy.....	157, 234, 316
Scholemmer, C., on the presence of the benzole series in Canada petroleum.....	311
Separation of bodies having nearly similar boiling points.....	449
Sharp, A. P., on the preservation of garlic.....	137
Shinn, James T., on bitter wine of iron.....	138
Siemens, C. F. & W., patent regenerative gas furnace.....	390
Smith, T. & H., on the lactic acid.....	450
Solubility of camphor in water.....	195
Southern prickly ash bark.....	134
Spirit of nitrous ether and nitrite of soda.....	354
Squibb, Dr. E. R., on permanganate of potassa.....	22
Squire, A. B., M. B., on red precipitate ointment.....	363
Stevens, Hennell, on the medical purveying department of the U. S. Army.....	91
Stoddart, W. Walter, on the purity of commercial sulphate of quinia.....	41
Stearns, Frederick, on the Pharmacist as a Merchant.....	198
Still, automatic pharmaceutical.....	166

Stimulants and narcotics, notice of.....	436
Sublimation of alkaloids.....	29
Supply table for medicines in the U. S. Army.....	93
Sugar of the future.....	182
Sugar, improvement in the manufacture of.....	361
Sulphate of ammonia, preparation of.....	229
Syphons, rate of flow of different liquids through.....	376
Tabular view of the observations on heavy oil of wine made in the U. S. Army laboratory.....	102
Tannic acid, on the odor of.....	54
Tannate of manganese.....	337
Taylor, Alfred B., on preparations of cinchona.....	50
" " on the aqueous extract of jalep.....	219
Test of the resin of Cannabis Indica.....	23
Test for tartar emetic.....	32
Thebolactic acid.....	450
Thein in Kola nuts.....	149
Thomas' Medical Dictionary.....	75
Thomas, N. Spencer, on a new process for fluid extracts.....	81
Tichborne, Charles R. C., on the extraction and preservation of aromata.....	47
" " on medical analysis.....	264
Tilden, Wm. A., on oil of bitter almonds.....	145
Tin ore, from Durango, Mexico.....	295
Tincture ferri chloridi, U. S. P.....	327, 446
Tinctura opii.....	249
Tinctura opii camphorata.....	250
Tobacco.....	209
Troth, Henry, biographical sketch of.....	244
Tungsten, metallic.....	443
Tyndall, John, F. R. S., on the invisible radiation of the electric light.....	216
United States Army Laboratory at New York.....	234
United States Army Medical Storekeepers.....	87
United States Dispensatory.....	159
Unzicker, Dr. J. S., on pulvis Jacobi verus.....	96
Use of kinovic acid in medicine.....	253
Valuation of essence of mustard.....	285
Vee & Levin, MM., on eserin, the alkaloid of the calabar bean.....	204
Vegetable origin of diamonds.....	383
Veratrum viride.....	321
Veratrum viride, poisoning by.....	374
Warren, C. M., on a process for fractional condensation, &c.....	449
Warrington Robert, on spirit of nitrous ether and nitrite of soda.....	354
Weights and measures, notice of Proctor's report on.....	119
What is an inch of rain.....	311
Wharlen, J. C., on tinctura ferri chloridi, U. S. P.....	446
Wurtz, Prof. Henry, on pure carbonic acid, mineral and lithia waters.....	113
